IMPORTANT INFORMATION

Interest Charge Calculation Methods (ICM) and Computation of Balance Subject to Interest Rate. The Interest Charge Calculation Method applicable to your account for Cash Advances and Credit Purchases of goods and services that you obtain through the use of your card is specified on the front side of this statement and explained below.

Method A - Average Daily Balance (including new transactions). The **Interest Charge** on purchases begins from the date the transaction is posted to your account, and the **Interest Charge** on cash advances begins from the date you obtained the cash advance, or the first day of the billing cycle in which it is posted to your account, whichever is later. There is no grace period.

The **Interest Charges** for a billing cycle are computed by applying the Periodic Rate to the "average daily balance" of your account. To get the average daily balance, we take the beginning balance of your account each day, add any new purchases or cash advances, and subtract any payments, credits, non-accruing fees and unpaid interest charges. This gives us the daily balance. Then we add up all the daily balances for the billing cycle and divide the total by the number of days in the billing cycle.

Method G - Average Daily Balance (including new transactions). To avoid incurring additional **Interest Charges** on the balance of purchases (and cash advances, if Method G is specified as applicable to cash advances) reflected on your monthly statement and, on any new purchases (and if applicable, cash advances) appearing on your next monthly statement, you must pay the entire "New Balance" in full, shown on your monthly statement, on or before the Payment Due Date.

The **Interest Charges** for a billing cycle are computed by applying the Periodic Rate to the "average daily balance" of purchases (and if applicable, cash advances). To get the average daily balance, we take the beginning balance of your account each day, add any new purchases or cash advances, and subtract any payments, credits, non-accruing fees, and unpaid interest charges. This gives us the daily balance. Then we add up all the daily balances for the billing cycle and divide the total by the number of days in the billing cycle. This gives us the average daily balance.

Payment Crediting and Credit Balance. Payments received by 5PM at the location specified on the front of the statement after the phrase "Please Mail Your Payment To:" will be credited as of the date of receipt to the account specified on the payment coupon. Payments made in person during normal business hours at branch locations where such payments are accepted will be treated as received on the same day. Payments that do not conform to the requirements set forth on or with the periodic statement (e.g. missing payment stub, payment envelope other than as provided with your statement, multiple checks or multiple coupons in the same envelope) may be subject to delay in crediting, but shall be credited within five days of receipt. If there is a credit balance due on your account, you may request, in writing, a full refund. Submit your request to the address indicated on the front of this statement after the phrase "Please send Billing Inquiries and Correspondence to".

By sending your check, you are authorizing the use of the information on your check to make a one-time electronic debit from the account on which the check is drawn. This electronic debit, which may be posted to your account as early as the date your check is received, will be only for the amount of your check. The original check will be destroyed and we will retain the image in our records. If you have questions please call the customer service number on the front of this billing statement.

Closing Date. The closing date is the last day of the billing cycle; all transactions received after the closing date will appear on your next statement.

Annual Fee. If your account has been assessed an annual fee, you may avoid paying this annual fee by sending written notification of termination within 30 days following the mailing date of this bill, to the address listed on the front of this statement after the phrase "Please send Billing Inquiries and Correspondence to." You may use your card(s) during this 30 day period but immediately thereafter must send your card(s), which you have cut in half to this same address.

Negative Credit Reports. You are hereby notified that a negative credit report reflecting on your credit record may be submitted to a credit reporting agency if you fail to fulfill the terms of your credit obligations.

BILLING RIGHTS SUMMARY

What To Do If You Think You Find A Mistake On Your Statement

If you think there is an error on your statement, write to us at the address shown on the front of this billing statement after the phrase "Please send Billing Inquiries...to:". In your letter, give us the following information:

- Account Information: Your name and account number.
- Dollar Amount: The dollar amount of the suspected error.
- Description of Problem: If you think there is an error on your bill, describe what you believe is wrong and why you believe it is a mistake.

You must contact us within 60 days after the error appeared on your statement. You must notify us of any potential errors in writing (or electronically). You may call us, but if you do, we are not required to investigate any potential errors and you may have to pay the amount in question. While we investigate whether or not there has been an error, the following are true:

- We cannot try to collect the amount in question, or report you as delinquent on that amount.
- The charge in question may remain on your statement, and we may continue to charge you interest on that amount. But, if we determine that we made a mistake, you will not have to pay the amount in question or any interest or other fees related to that amount.
- While you do not have to pay the amount in question, you are responsible for the remainder of your balance.
- We can apply any unpaid amount against your credit limit.

Your Rights If You Are Dissatisfied With Your Credit Card Purchases

If you are dissatisfied with the goods or services that you have purchased with your credit card, and you have tried in good faith to correct the problem with the merchant, you may have the right not to pay the remaining amount due on the purchase. To use this right, all of the following must be true:

1. The purchase must have been made in your home state or within 100 miles of your current mailing address, and the purchase price must have been more than \$50.
(Note: Neither of these are necessary if your purchase was based on an advertisement we mailed to you, or if we own the company that sold you the goods or services.)
2. You must have used your credit card for the purchase. Purchases made with cash advances from an ATM or with a check that accesses your credit card account do not qualify.
3. You must not yet have fully paid for the purchase.

If all of the criteria above are met and you are still dissatisfied with the purchase, contact us in writing (or electronically) at the address shown on the front of this billing statement following the phrase "Please send Billing Inquiries...to".

While we investigate, the same rules apply to the disputed amount as discussed above. After we finish our investigation, we will tell you our decision. At that point, if we think you owe an amount and you do not pay, we may report you as delinquent.
